

Milocarian AC v Thames Hare and Hounds for the Keith Spacie Trophy – Sun 10 March 2024

My thanks to the team this morning for a brilliant performance in our match against Thames Hare and Hounds for the Keith Spacie Trophy which, after coming close last year, we won this year! Well done all.

Conditions were less challenging than the weather forecasters had prepared us for. Starting in dry conditions, our top runners started in small pack which stayed together for the first mile or so along the muddy, riverside route. As the first inclines were encountered the legs of James Hoad (TH&H and winner of our home match at RMAS last Oct) began to stretch away, but the battle for second remained tight throughout with Tom Rann and Charlie Wood in contention for second place in a tactical race, eventually finishing third and fourth respectively. We were joined by a couple of strong new runners in George Howard and James Kennet who both scored top ten places, which with solid performances from Nick Wood and Gavin McAllister saw us emerging victorious against Thames by 77 points to 107 in a 7 to score run.
